				 To Find Prime Numbers between 1 to 100 	1) Make factor tree.
			3. <u>Factors and Multiples</u>	• Prime Factorization, Common Factors, H·C·F·	
				 Common Multiples, L·C·M· 	
				 To find H·C·F· by Prime Factorization Method 	
				Mental Maths: Fill in the blanks: (Pg·no·62)	96
			4· Fractions		2) Make equivalent flower bouquet
				Fractions as Division· Mixed Numbers and Improper	
				Fractions	() () () () () () () () () ()
				• To Express Improper Fractions as Mixed Numbers	
				• To Express Mixed Numbers as Improper Fractions	Ų
				 Equivalent Fractions, Fractions in the Lowest 	
				Terms	
				• Comparison of Fractions	
				• Addition and Subtraction of Fractions with Unlike	
				Denominators·	
				 Multiplying a Fraction and a Whole Numbers 	

				 Multiplication of a Fraction by Another Fraction Division of Fractions, Story Problems Mental Maths: Fill in the blanks: (Pg·no·86) 	
3.	July (PT- 1) 29/07/24 To 03/08/24	26	4· Fractions (continued) 5. Decimals	 Tenths, Hundredths, Thousandths, Mixed Decimals Conversion of Decimals into Common Fractions Conversion of Fraction into Decimals Expanded Form of Decimals Like and Unlike Decimals Order Relation in Decimals Addition and Subtraction of Decimals Multiplication and Division of Decimals Multiplication and Division of Decimals by 10 and 100 Using Decimals in the Units of Length, Mass and Capacity Mental Maths: Fill in the blanks: (Pg·no·107) 	Maths Lab Activity: To make Maths Wheel Chart: "Operation on Decimals" Operations with Decimals Decimals Decimals Decimals Decimals Decimals

4.	August	22	5. <u>Decimals</u> (continued 6. <u>Basic Geometrical</u> <u>Concepts</u>	 Measuring a Line Segment, to draw line segment of a given length Comparing Line Segments using Divider Congruent Line Segments Angles, Measure of an Angle, Measuring an 	Maths Lab Activity: To make angles and lines by using ice-cream sticks, tooth picks & matches sticks, straws
5.	September (Half- yearly Exam· from 21/09/24 To 30/09/24	23	6. Basic Geometrical Concepts (continued)	 angle using Protractor Construction of Angles using Protractor Bisection of an Angle, Types of Angles, Perpendicular Lines, Drawing Perpendicular Lines Parallel Lines, Drawing Parallel Lines Kinds Triangles, Circles Relationship between the Diameter and the Circumference Mental Maths: Fill in the blanks: (Pg·no·130) 	TYPES OF ANGLES Institutions Institutions
6.	October	21	7. <u>Measurements</u>	 Measurement of Length, Measurement of Mass Measurement of Capacity, Conversion of Units Addition and Subtraction of Measures Multiplication and Division of Measures Mental Maths: Fill in the blanks: (Pg·no· 146) 	Maths Lab Activity: Find the perimeter and Area of the given shapes·

			8. Perimeter and Area	Skill: Logical Reasoning & Problem solving • Perimeter of a Rectangle and Square, Area • Finding the Area of Irregular Shapes • Area of a Rectangle and Square	X10 Milimetes ÷10 X10 Decimetes ÷10 Am X10 Centimetes ÷10 Com X10 Milimetes ÷10
		4-	9. Measurement of Volume	• Area of Triangle Mental Maths: Fill in the blanks: (Pg·no· 160)	FT ET
7	November	17	J. Wicasurement of Volume	 Units of Volume Finding Volume by Counting cubes Formulae for Volume of a cube and a cuboid Mental Maths: Fill in the blanks: (Pg·no·171) 	maths
	December (PT-2) 02/12/24 to 07/12/24	24	10· Temperature	Thermometer Range of Temperature Clinical Thermometer Maximum and Minimum Thermometer Conversion of Scales	Maths Lab Activity: Record the temperature for 5 days from the newspaper. Cut out the temperature column and paste in the note-book.

9.	January	79	11. <u>Time</u> 12. <u>Money</u>	 24 - Hour Clock Time Rules for conversion of Time Clock with three hands Addition and Subtraction of Time Mental Maths: Fill in the blanks: (Pg·no· 189) Unitary method Profit and Loss Finding the Cost Price Finding the selling price Mental Maths: Fill in the blanks: (Pg·no· 201) 	Maths Lab Activity: 1) Match the times on the clock faces in Box-A with a time from Box-B. Fill in the chart. E.g. Clock face 6 matches with time. (Morning) is filled shown on Pg. no. 192 Text-book. 2) Working Model:
10	February (Final Exam begin	22	13. Data Handling	Making bar graphs • Circle graphs	Maths Lab Activity: To understand the
	28/02/25)			• Tally Chart	concept of data collection.
11	March	09		Final Examination (2025)	

Name of the Teacher: Priti Parekh

Aditi Sood

SUBJECT: SCIENCE CLASS: V

Sr. No.	Month	No.ofW orkingD ays	No.& Nameofthe Chapter/Lesson	Content /Subtopic's	Activities	
1	April/May	24+4	Recap of previous knowledge Ch-1 Growing plants	Bridge course: Drilling of words related with chapter safety and first aid, conducting dictation of words related with science, discussion about amazing facts and discoveries.	Experiment Candle and paper rounding	
				To learn seed germination and seed dispersal To know about different ways by which plants reproduce To learn about steps of Agriculture and protecting crops.	: Activity:(Pg.no.17) • Make a herbarium of flowers. • Grow sweet potato	
2	June	23	23	Ch-2 Animals: Habitat and Adaptation.	. To study about different habitats To understand the need for various kinds of body coverings and breathing organs in animals. Migration	Activity:(Pg.no.29) Project Life skills and Integration
			Ch-3 Human Skeletal System	To learn about skeletal system and their functions. To learn about bones and joints. To learn the significance of joints in the body Role of muscles. Taking care of bones and muscles.	Experiment Laser Light fountain	
3.	July (PT-1) (29-07-24) To (03/08/24)	26	Ch-3 Human skeletal system (continued)		Activity:(Pg.no.39,43) • Lifeskillsand Integration • Enquiry	

			Ch-4 Human Nervous System	To learn about the sensory organs and their role in the body. To identify the structure of the nervous system. To learn about types of nerves and their function	Activity:(Pg.no.47,43) • Lifeskillsand Integration • Enquiry
4.	August	22	Ch-5 Food and Health	To understand the balanced diet, exercise and taking rest are the keys to good health. To learn about – Communicable and Noncommunicable diseases	Activity:(Pg.no.60,61) • Experiential Learning • Life Skills and
			Ch-6 Safety and First Aid	To know more about safety from fire, safety on road. To know the first aid steps to be followed in various emergency situations. To learn different contact numbers for emergency situation and whom to approach To make them learn to stay calm and not panic during these situation.	Integration Experiment: Amazing candle tricks
5.	September (Half yearly (21/09/24) To (30/09/24)	23	Ch- 7 Soil Revision	To know about soil profile, soil erosion and soil conservation. To know about factors causing soil erosion and deforestation. Revision	Activity:(Pg.no.62,63) ProblemSolving Case Study / PictureBased
6.	October	21	Ch-8 Rocks and Minerals	To understand how different types of rocks are formed and to know about its uses.	Activity:(Pgno.82) • Project • PictureBased Experiment: Dancing Balloon
			Ch-9 Solids, Liquids and Gases	To understand and distinguish between the properties of three states of matter To learn about physical and chemical changes	Activity:(Pg.no.91,92) • ExperientialLearning • LifeSkills andIntegration

7.	7. November 17		Ch-10 Force, Energy and Simple Machines	Types of simple machines, its properties and useswith examples	Experiment: Cloud in a jar
				To learn about different types of forces and is used in To study different types of simple machines used in day-to-day life.	
8.	December (PT2) (02/12/24)	24	10. Force, Work andEnergy(continued)	Tolearn about Force, Work and Energy	Activity:(Pg.no.101)ExperientialLearningArtIntegration
	To (07/12/24)		Ch-11 Air and Water	To know about the various layers of the atmosphere To learn about the composition of air and methods of purifying water.	LabActivity: Methodsofwaterpurifying: SedimentationandDecanta tion,Filtration
9.	January	19	Ch-12 Natural Disasters	To understand the causes and effects of natural disasters	Experiment: Vacuum Candle Experiment
			Ch-13 The Earth , the Sun and Moon	To learn about the formation of Solar and Lunar Eclipses, Uses of Artificial Satellites To know about the facts of Sun and Moon. To know about Indian festival celebrated on full moon day at different parts of India.	Shot air + CO ₂ Colt air
10.	February	22	Ch-14 Our Environment	To understand the concept of green house effect and the importance of saving environment.	
			Revision	Revision	Experiment: Tornado in a bottle
11.	March	09	Revision for final exam	FinalExamination(2025)	

SUBJECT: Social Science Class: V

Sr. No.	Month	No. of Working Days	No. & Name of the Chapter / Lesson	Content / Sub Topics	Activities				
1.	April	24	1. Globe	To learn about the Shape of the Earth, features of a globe and Features of latitudes and longitudes. Also understand the meaning of grid.	Draw a globe and color the continents as green and oceans blue.				
			2. Maps : Our Guide	Students will learn about Difference between the globe and maps, different types of maps and elements of a map.	Show equator and important latitudes,				
2.	May	04	8. Means of Transport (Continue)	To learn about the importance of the invention of the wheel and steam engine. Also learn about modern modes of transport and their disadvantages.	prime meridian.				
3.	June	June 23	June 23	3. Weather and Climate	To know the difference between weather and climate and factors influencing the climate and heat zones.				
							4. Land of Dense Forest	To know the location, climate, vegetation, wildlife, economy, life of people and transport of DRC.	Prepare a project on any of the leaders of the
					17. The Revolt of 1857	To know about the Famous explorers and Europeans who came to India. Will also learn about the establishment of the British East India Company and its expansion. Will understand the reasons for the Revolt of 1857.	Revolt of 1857.		
4.	July	uly 26	July 26	18. Beginning of The Freedom Struggle	To know about the reasons for national awakening in India, birth of Indian National Congress, Partition of Bengal and Swadeshi Movement.	Make a timeline of Indian Freedom Strugglo from 1957 to			
			19. India Wins Freedom (conti)	Students will learn about the Jallianwala Bagh massacre, Non-Cooperation Movement, Khilafat Movement and Quit India Movement. They will also learn about various revolutionaries and about Subhash Chandra Bose and the Indian National Army.	1947. South Home Print Comment of Comment o				

5.	August	st 22	gust 22 10. The World of Growing Knowledge		To know the importance of written communication and development of scripts and numbers. They will also learn about making paper and the development of printing. Also learn about Braille script.	 Make a collage on different types of scripts and explain about it.
			11. The Development of Medical Science	To know about the various medical tools such as thermometer, Stethoscope, Microscope, X-ray and other machines. Also get knowledge about surgery, antibiotics, vaccination etc.		
6.	September	23	9. Means of Communication Revision	To learn about various means of Communication like postal services, telegraph, telephone, mobiles, fax etc. Will get knowledge about mass media like books, newspapers, radio, TV, internet etc.	Debate: 'Children should be allowed to bring mobile phones to school'.	
7.	October	21	5. Greenland : The Land of Snow	To know the location, climate, vegetation, wildlife and life of people in Greenland.	Make a digital presentation on "LIFE	
			6. Saudi Arabia: The Land of Sand	To know the location and physical features, climate, vegetation, wildlife, Industry and life of people in Saudi Arabia. They will also learn about important cities of Saudi Arabia	OF PEOPLE OF GREENLAND IS DIFFER FROM SAUDI ARABIA."	
8.	November	17	7. Prairies : The Grasslands	To know the location, climate, vegetation and wildlife, economy and about occupation of the people in Prairies - North America.		
9.	December	24	12. The Machine Age	To learn about the importance of the discovery of the Steam engine and the industrial revolution. Also learn about different types of fuels and alternative sources of energy.	ROLE PLAY: Any great	
			13. Great Personalities	To know about some great people who have made a difference in our lives: Abraham Lincoln, Martin Luther King, Mahatma Gandhi, Mother Teresa.	personality of your life.	
			14. The Birth of United Nations (conti)	To know about the Formation of the League of Nations, objectives and Principles of the UN		

10	January	19	15. The Working of The United Nations	Students will learn about the Organs of the United Nations and its various agencies like UNESCO and UNICEF and their functions.	Make a project on the monuments or historical sites in India, which
			16. India and The United Nations	Will get knowledge about UN achievements and its relation with India. Will also learn about Non-Aligned Movement.	have been selected as 'World Heritage Site' by UNESCO.
11	February	22	Revision And Final examination		

Name of the Teacher: Ms Jayana Patel

Class: V

SUBJECT: ARTIFICIAL INTELLIGENCE (AI)

Sr.No	Month	Working Days	No. & Name of the Chapter	Content / Sub Topics	Activities
1	April	28	Ch-1 How Computers Evolved	 Early computing devices Evolution of computers Limitations of a computer Generations of a computer Characteristics of a computer Evolution of supporting hardware 	 To know about the Evolution of computer. What are the limitations and Characteristic of computer
2	May		Ch-2 Software and Its Types	♣ Software: An Introduction♣ Application Software♣ System Software	To know about the software and its types.
3	June	2 3	CH-3 MS Word 2016: Tables	 Creating and Modifying a table Changing column width Applying borders and shading Calculations in table, Entering Data Formatting a Table, Splitting cells Resizing a table Updating calculations in a table 	 To know about creating a table in MS Word 2016. Practical based on Formatting a Table.
4	July	26	Ch-4 MS PowerPoint 2016: Advanced Features	 Creating a new presentation To view slide show Formatting the slide Using built-in templates Organising slides 	 Practical based on MS PowerPoint 2016 for creating a new presentation.
5	August	2 2	CH-5 MS Excel 2016: Basics	 Uses of Microsoft Excel Electronic spreadsheet Cell and cell address Types of Data Copying and moving a data, Auto sum Starting Microsoft Excel Worksheet and workbook Important components of Excel Entering data in a worksheet Cutting and moving data Sorting data in Excel 	 To know about the Basics of MS Excel 2016. Working on Worksheets and Workbook. Practical based on MS Excel 2016.

6	September	23	Ch-6 Algorithms and Flowcharts	 Problem Solving Properties of Algorithm Flowchart Symbols Algorithm, Flow Charts 	To know about properties of Algorithm and Flowchart Symbols.
7	October	21	Ch-7 Scratch	 ₩ Working with Multiple Sprites ♣ Operator Block ♣ Adding and extension Control Block 	To know about the different components of scratch.
8	November	17		Sensing BlocksVariables Block	Practical based on Scratch·
9	December	24	CH-8 Web Browsers	 Internet Features of Browser Google Account and Synchronisation Web Browser Advanced Features 	Practical based on Internet and Web browser·
10	January	19	Ch-9 Introduction to Email	 ♣ What is an Email? ♣ How to sign in to Email? ♣ How to read an Email? ♣ Email Address ♣ How to compose and send an email 	 To know about the Email. How to sign in to Email and Compose an Email.
11	February	22	_	Revision for final exam	
12	March	9		Nevision for final exam
